The following are the anticipated impacts and proposed mitigation measures:

<i>Impacts</i>	<i>Proposed Mitigation Measures</i>
Noise and vibration	<ul style="list-style-type: none"> <li>• Clear lines of communication will be developed between the project team, contractors and any affected premises.</li> <li>• Construction work will be carried out during daytime only, where possible. If night working is required, the contractor should inform and agree with local area residents and concerned agencies.</li> <li>• All vehicles and mechanical plant used for construction should be fitted with effective exhaust silencers, and regularly maintained.</li> <li>• Compressors and pumps should be positioned so as to cause minimum noise disturbance. If necessary, temporary acoustic barriers or enclosures should be provided.</li> </ul>
Increased solid and effluent waste generation	<ul style="list-style-type: none"> <li>• Segregate waste at point of generation.</li> <li>• Any hazardous waste material will be sited on an impervious base within an oil-tight bund with no drainage outlet.</li> <li>• Liquid waste, including solvents and oil, will be securely stored in banded compounds prior to collection by a registered waste handler.</li> <li>• Hazardous waste storage areas will have an impermeable floor and bunding, of capacity to accommodate the anticipated waste streams.</li> <li>• In the event of a spill, immediate clean-up will be undertaken. It is recommended that appropriate spill kits or absorbent materials are held on site.</li> </ul>
Occupational safety and health	<ul style="list-style-type: none"> <li>• Waste water (sewage) from the construction camp will be channeled into the existing sewer trunk.</li> <li>• The site must be fully fenced (hoarding) to prevent unauthorized access onto the site.</li> <li>• Potentially hazardous areas must be demarcated and clearly marked.</li> <li>• Design suitable documented emergency preparedness and evacuation procedures to be used during any emergency.</li> <li>• Ensure that adequate provisions are in place to immediately stop any operations where there is an imminent and serious danger to health and safety and to evacuate workers.</li> <li>• Provide measures to deal with emergencies and accidents including adequate first aid arrangements and provision of emergency telephone numbers.</li> </ul>
